A remarkable independent day school in the heart of
Cambridge for boys and girls aged 4-16

Why **Heritage** is uniquely different

We have high expectations of all our pupils, and achieve very good exam results, but there is so much more to education than just exams.

We want our pupils to:

- Enjoy learning through an inspiring, knowledge-rich curriculum that celebrates beauty, creativity and excellence, and that makes the most of all that Cambridge has to offer
- Become life-long learners who take ownership for their learning and make the most of opportunities to go further
- Develop their capacity for attentive engagement through our calm, low-tech and purposeful learning environment where books, nature and real world activities are prioritised over screens
- Grow into young people of character, who are resilient and wise and able to manage themselves and their relationships well, and so contribute to the common good

All of this is possible because of the personal attention pupils receive from our dedicated teachers in small classes.

A Heritage education enables pupils to embrace all that life has to offer.
